2. In G.O.No. Ms.752, Revenue, dated 16/4/30 an extent of 18.92 acres in Puttur village, Udipi Taluk, was alienated in favour of the Depressed Classes Mission, Mangalore for the purpose of an agricultural settlement for the Harijans. Under condition 2 of the conditions of the grant, the site should be converted into an agricultural settlement within three years from the date of the grant and under condition 11, the alienation shall be free of assessment for the first five years. Extensions of time for carrying out the purpose of alienation were

P.T.O.

granted subsequently and the last of such extension expired on 31/3/1947.

3. The Collector now reports that the Mission has settled nine Harijan families on the land and that excepting 8.28 acres, the entire land has been reclaimed. Even on the excepted land, it is reported that there are Casuarina and Mango plants and other enclosures. In these circumstances, it has to be taken that the settlement has been formed and no extension of time is therefore necessary for that.

Para 3 on p.3 infra

4. As regards the payment of assessment, the period of exemption already granted by the Government expired by 16/4/46 and the Collector should have applied for extension earlier. In view of his report that the Mission is not in affluent circumstances, the Board requests the Government to exempt the Mission from the payment of assessment for the period from 16/4/46 to 30/6/1951.

Sir,

ALIENATION - Land and Revenue - Udipi Taluk - Puttur village S.Nos.227/1,2A,3B, and 228/2A and 3B- Scheduled class Mission - Fulfilment of conditions - Extension of time - Report submitted.

*****

S.Nos.227/1,2A,3B and 228/2A and 3B, of Puttur village of Udipi Taluk, South Kanara district measuring in all 1a.92 acres, were alienated in favour of the scheduled class Mission, Mangalore, for the purpose of an Agricultural settlement, for the scheduled class in G.O. No.Mis.752, Revenue dated 16.4.30, as amended in Government Memo. No.16 F/34-1 dated 5.1.34, and communicated in Board's Mis.No. 146 dated 15.1.34. As the Mission was not able to fulfil the conditions of grant, within the time allowed, extensions of time were granted as also exemption from payment of assessment. In G.O.Mis. 2607 Revenue dated 27.9.43, communicated in B.P.Mis.No.1261 dated 6.10.1943, the Government sanctioned exemption, from payment of assessment for a further and final period of three years from 16.4.43. Subsequently, the Board extended the time for fulfilment of conditions, till 31.3.47 i.e. for one year after the termination of war) in their L.Mis.5.69/47 dated 11.1.47. There was no mention about the question of assessment

2 According to condition(4) of the conditions of alienation assessment may be collected, then and after it is decided, that the land shall be charged with assessment. The final period of exemption from payment of assessment, sanctioned in this case, with Government order quoted above, expired on 16.4.46. Therefore, assessment is due, on the plots, from the Mission, from and after the above dat

3 Enquiries held in the matter, show that the Mission is not in affluent circumstances, to pay the land revenue. Nine scheduled class families, have settled on the land, and each of them has been given a convenient area. The Mission has also appointed an Agent, to superintend the colony and to manage its affairs, according to condition (12) of the conditions of alienation. The Mission has improved the area alienated to it, except portions of S.Nos. 227/1,2A,3B and 228/3B measuring in all about 8.26 acres. But this area, cannot be considered to be entirely vacant, as there are either enclosures, or casurina and Mango plants along the enclosures, or lying scattered in the vacant portions. In short, the Mission seems to be interested in the further development of the colony.

4 I venture to submit that the Mission may be given sufficient time to complete the good work they have so earnestly begun. I recommend the grant of an extension of time for a further period from 16.4.46 to 30.6.51(so as to synchronise with the fasli year) in continuation of the time granted in G.O.Mis.2607 Revenue dated 27.9.43. According to the orders in G.O.No.2607, Rev., dated 27-9-43, assessment of Rs.19-14-0 p.a. is payable from 16-4-46 on the land measuring 18.92 acres, in Puttur Village, Udipi taluk, South Kanara District alienated in favour of the Depressed classes Mission, Mangalore for the purpose of an agricultural settlement for the communities eligible for help by the Labour Department. It appears that no assessment was paid till now. As the Mission is reported to be not in affluent circumstances and in view of the good work already done by it in forming the settlement the Board requests the Government to exempt the Mission from payment of the assessment for the period from 16-4-46 to 30-6-1951. Revenue and Firka Development propose to accept the Board's recommendation. Finance may agree and the draft order below may be accepted. The loss of revenue in granting the exemption will be Rs.99-6-0.
